I-ACT WORKS TO ENSURE PROFESSIONAL STANDARDS:

THE INTERNATIONAL ASSOCIATION FOR COLON HYDROTHERAPY (I-ACT) ADVOCATES THE HIGHEST STANDARDS OF EDUCATION AND PROFESSIONAL CONDUCT TO ASSURE PROPERLY ADMINISTERED COLON HYDROTHERAPY. TODAY, COLON HYDROTHERAPISTS ARE THOROUGHLY TRAINED PROFESSIONALS, WHO MUST PASS RIGOROUS TESTING AND ADHERE TO STRICT GUIDELINES ESTABLISHED BY I-ACT. THESE PROFESSIONALS ARE WELL SCHOOLED IN THE ADMINISTERING OF COLON HYDROTHERAPY. BEING A MEMBER OF I-ACT RANKS YOU WITH THE TOP COLON HYDROTHERAPISTS NATIONALLY AND INTERNATIONALLY. PLUS MANY STATES NOW REQUIRE I-ACT CERTIFICATION TO PRACTICE! ALONG WITH INCREDIBLE SUPPORT AND NETWORKING, MEMBERSHIP PROVIDES DISCOUNTS ON SEMINARS, ANNUAL CONVENTIONS, REGIONAL MEETINGS AND ACCESS TO PROFESSIONAL INFORMATION!

I-ACT HAS FOUR LEVELS OF CERTIFICATION. THE INITIAL LEVEL IS THE FOUNDATION LEVEL. THE SECOND LEVEL IS THE INTERMEDIATE LEVEL, OUR HIGHEST LEVEL OF CERTIFICATION IS THE ADVANCED LEVEL.

IF YOU WOULD LIKE TO TRAIN OTHERS IN THE FIELD OF COLON HYDROTHERAPY, THEN YOU MUST BE CERTIFIED BY I-ACT AT THE INSTRUCTOR LEVEL.

CONTINUING EDUCATION AND INCREASING YOUR SKILLS TO HIGHER LEVELS OF CERTIFICATION PROVIDES YOU WITH PERSONAL SATISFACTION OF THE HIGHEST SKILLS FOR YOUR CLIENTS & NETWORKING WITH PROFESSIONALS.

I-ACT Policy Statements

I-ACT recommends the use of currently registered FDA equipment and only disposable speculums, rectal tubes, or rectal nozzles. However, should the Therapist use reusable speculums, these speculums should, at a minimum, be autoclaved for sanitation and cleanliness (30 minutes). Additionally, the autoclave unit must be tested and inspected by competent authority at least four times per year- maintain documentation. (Under NO conditions should a disposable speculum or rectal tube be reused).

I-ACT recognizes the FDA classifies equipment used to instill water into the colon through a nozzle inserted into the rectum to evacuate the contents of the colon into three distinct classes; Class I (Enema Kits), Class II and Class III are (Colon Irrigation Systems). Follow the guidelines of your manufacturer, as approved by the FDA for the type of equipment (devices) you are using. Make no claims as to the use of your device other than those approved by the FDA. The FDA requires Class II devices to be sold on or at the order of a physician or healthcare practitioner. This may be different in each state. Ensure you are in compliance with your local, state, federal and country guidelines. Ensure equipment you purchase is cleared for use in your country.

I-ACT recognizes there are two distinct types of colon irrigation systems; open and closed systems. However, it is I-ACT policy that the colon hydrotherapist / technician is always in attendance / or is immediately available to the client throughout the session. The degree of assistance is to be in compliance with the instructions of the manufacturer of the equipment as registered with the FDA, and/or as directed by a physician.

The policy on insertion is to follow the instruction of the referring physician; the guidelines of the manufacturer as approved by the FDA; or the directives from the authority of your city, county, state, or country ordinances.

I-ACT recommends that you do not put the initials (CT) for colon hydrotherapist after your name, write it out in full. According to most state laws, putting initials after your name is not allowed unless you are licensed or have a degree from an accredited professional school.

Advertising copy which states or implies that colon hydrotherapy can treat any disease, promise cure for any disease, or that makes unsubstantiated medical claims **SHALL NOT** be used.

Additionally, I-ACT recommends each therapist not using FDA registered equipment consider upgrading their equipment to FDA registered equipment in the very near future.

I acknowledge the I-ACT policies and agree to comply with all I-ACT policies. I understand that failure to comply with the policies listed above may result in my removal from the association.
