Dear Friends & LIBBE Family ~

2020 / 2021

The past months have brought many challenging changes into our world rapidly. While we are all being encouraged to distance ourselves from one another, we are also being forced to realize just how really connected we all are. Surrounded by a global community of brothers and sisters who are experiencing this together, and who are each being asked to do their part. For many, it is not out of fear for ourselves, but out of respect and love for each other.

We will offer LIBBE Training with smaller classes by following the social distancing guidelines and wear masks that our Texas County Judge and local Mayor requires to protect our students and ourselves.

Let us remember that we have all descended from generations of people who have experienced times of hardship. We can choose to act with respect, grace and wisdom, to slow down, breathe, smile and pay attention.

As always, we appreciate the support of our many students and customers and look forward to serving you now and into the future.
