AT LIBBE MANUFACTURE SCHOOL and PURCHASE COMPLETED WITHIN 90 DAYS!

PAST MEDICAL EXPERIENCE IS NOT REQUIRED.

2020 & 2021 brought many challenging changes into our world rapidly. While we are all being encouraged to distance ourselves from one another, We are also being forced to realize just how really connected we all are. Surrounded by a global community of brothers and sisters who are experiencing this together, and who are each being asked to do their part. For many, it is not out of fear for ourselves, but out of respect and love for each other.

We will offer In Person Courses with smaller classes, follow social guidelines and masks are optional - \_This common sense protects our students, clients and ourselves. School Instructors / Staff have chosen to be vaccinated and boosted. During these times we are only accepting Twelve Students per class.

Let us remember that we have ALL descended from generations of people who have experienced times of hardship. Let's choose to act with respect, grace, wisdom, breathe, smile and pay attention.

As always. We appreciate the support of our many thousands of students, LIBBE owners & customers. We look forward to safely serving you now and into the future.

Please complete the Enrollment, scan an e-mail to hold your place in class. A prescription (RX) MUST be completed by your Doctor, if possible bring with you.

Primary Instructors are: Jeri and Dr. Bill Tiller. In 1992 became founding Members of I-ACT. Bill was Vice President from 1992 to 1994 and then 1995 to 1999 as President of I-ACT. The NBCHT was formed in 2000 with Bill as the First President serving through 2005. The Tillers are a dedicated, passionate couple.

Note: A small dog that is Jeri's Service Animal is with her at the office every day.

When did you begin working as a colon hydrotherapist? \_\_\_\_\_

How many clients per week do you currently see? \_\_\_\_\_ What type of equipment do you use? LIBBE

# I-ACT Policy Statements

I-ACT requires the use of currently registered FDA equipment and only disposable speculums, rectal tubes, or rectal nozzles. However, should the Therapist use reusable speculums, these speculums should, at a minimum, be autoclaved for sanitation and cleanliness (30 minutes). Additionally, the autoclave unit must be tested and inspected by competent authority at least four times per year- maintain documentation. (Under NO conditions should a disposable speculum or rectal tube be reused). Individuals that use reusable speculums and/or are not using FDA registered devices will be removed from I-ACT membership on 12/31/2018.

I-ACT recognizes the FDA classifies equipment used to instill water into the colon through a nozzle inserted into the rectum to evacuate the contents of the colon into three distinct classes; Class I (Enema Kits), Class II and Class III are (Colon Irrigation Systems). Follow the guidelines of your manufacturer, as approved by the FDA for the type of equipment (devices) you are using. Make no claims as to the use of your device other than those approved by the FDA.

I-ACT recognizes there are two distinct types of colon irrigation systems; open and closed systems. However, it is I-ACT policy that the colon hydrotherapist / technician is always in attendance / or is immediately available to the client throughout the session. The degree of assistance is to be in compliance with the instructions of the manufacturer of the equipment as registered with the FDA, and/or as directed by a physician.

The I-ACT policy on insertion is to require the client to insert the rectal tube or speculum; or, follow the instruction of the referring physician; the guidelines of the manufacturer as approved by the FDA; or the directives from the authority of your city, county, state, or country ordinances.

I-ACT recommends that you do not put the initials (CT) for colon hydrotherapist after your name, write it out in full. According to most state laws, putting initials after your name is not allowed unless you are licensed or have a degree from an accredited professional school.

Advertising copy which states or implies that colon hydrotherapy can treat any disease, promise cure for any disease, or that makes unsubstantiated medical claims **SHALL NOT** be used.

I acknowledge the I-ACT policies and agree to comply with all I-ACT policies. I understand that failure to comply with the policies listed above may result in my removal from the association.

\_\_\_\_\_  
Signature of Applicant \*\*\* required for all applications\*\*\*
