ALL PERSONS OPERATING AN FDA MEDICAL DEVICE IS LEGALLY REQUIRED TO  
COMPLETE FUNCTION, MAINTENANCE AND SAFETY CERTIFICATION!

Dearest Friends & LIBBE Family ~

2026

2020 & 2021 brought many challenging changes into our world rapidly.

While we are all being encouraged to distance ourselves from one another,

We are also being forced to realize just how really connected we all are.

Surrounded by a global community of brothers and sisters who are experiencing this together, and who are each being asked to do their part. For many, it is not out of fear for ourselves, but out of respect and love for each other.

With over 30 years of providing the **"Highest Quality in Safety and Sanitation"** of FDA Registered Devices and the required colon hydrotherapy supplies, this family and staff will continue to be "In your Service"!

Let us remember, we have ALL descended from generations of people who have experienced times of hardship. Let's choose to act with respect, grace, wisdom, breathe, smile and pay attention. .

Instructors: Jeri and Dr. Bill Tiller 1992 became founding Members of I-ACT. Connie Allred (I-ACT Founding Mother) asked Bill to be Vice President, of which Bill served three years 1992 to 1994 and then as I-ACT President for five years 1995 to 1999 developing many of the education standards and testing still in use today.

NBCHT was formed in 2000 with Bill as the First President serving through 2005. The Tillers, a dedicated, passionate couple with family and exceptional staff continue to provide SERVICE and TEACH and MENTOR many caring individuals!

*(William "BILL" Tiller 10/20/1939 - 10/09/2025)*

Son; Tom teaches Terminology, Technical, Plumbing and Installation.

Daughter; Misty, Attorney and Quality Control teaches Medical Device Reporting,

David and Jessica: amazing staff, provide on-hands training and support.

Jennifer provides "The Digestive System" in a fun way of learning.

As always. We appreciate the support of our many thousands of LIBBE students and I-ACT Members. We look forward to safely serving you now and into the future

OR THE MAL-PRACTICE INSURANCE OF \$189.00 PER YEAR.)

**Previous LIBBE Device Students - Ask about Discounted  
Review Course in San Antonio, TX. Only!**

## COLON HYDROTHERAPY

- Promotes the loosening and elimination of waste.
- Helps with constipation.
- Assists in elimination through natural peristalsis.
- Approved preparation for cleansing before Colonoscopy.
- Supports Hydration of colon.
- Absolutely safe when performed by properly trained Therapists using FDA Devices.

## LIBBE OPEN System Function!

Client/patient undresses from the waist down and will be properly draped throughout the session. The Nozzle/Rectal Tube is gently and easily inserted, the "size of a pencil," single use, and disposable.

The LIBBE System is comfortable and may be operated in privacy for those who prefer solitude.

Temperature controlled water flows through a carbon filter which removes sediment, rust, and chlorine.

The client/patient controls the rate of the water from the gravity-fed column by a Flow Control Knob. The water is purified by an Ultra Violet -Water Purification System, before it passes through the Nozzle/Rectal Tube, and gently into the client/patient. Purified Water flows in.... Feces flows out, when the client feels the need to release.

**The water used during the session at a safely controlled temperature of 98° F to 102°F.**

(Water is temperature controlled and can be safely adjusted to client/patient comfort.)

An odor exhaust system insures that the session room and entire center remains totally odor free. Rinsing sprayer is available for the client at the end of the session to rinse off.

Therapist is available to monitor and assist the client as needed. Session's last approximately 45 minutes. After each session the LIBBE is easily and thoroughly cleaned and disinfected.

## Advantages:

- It is a simple, safe and effective procedure carried out by Trained Therapists using modern (FDA Registered) Medical Devices.

## Benefits of colon hydrotherapy when medically indicated, may:

- Offer immediate constipation relief
- Offer on-going improved muscle tone
- Offers positive effects on bowel function
  - hydrate, activate, evacuate

## MAY Compliment the Management of certain Health conditions, such as:

- Chronic Constipation
- IBS and other functional bowel diseases
- Cases unable to handle standard preparation
- Cases where avoid unwarranted surgery
- Chronic long standing bowel problems

## Open vs Closed Colonic Systems

FDA Registered Medical Device's Effectiveness.

### Open System: "The LIBBE"

- The open device is designed to allow warm filtered water gently into the colon and you release when you are ready. The therapist can stay with you or you can **be alone if you prefer solitude**. The therapist is always available and will monitor the device often.
- Active participation- you are in control of water pressure going in and when you decide to release.
- Uses single-use pencil-size Nozzle/Rectal Tube for water flow which is easily inserted in privacy.
- **Allows the colon and bladder to release anytime. "You are in Control"!**
- **No odor, messes, or blowouts.** Waste is released into a basin where odor and feces (waste) goes directly into the sewer.

### Closed System:

- The closed device requires the therapist being present throughout the session to control water flow going in and coming out. You cannot release at will.
- Passive participation- the therapist has constant control. You Do Not!

## **- HANDS ON LIBBE -**

NOTE: Coffee, Teas, Water, Fruits provided

Yes, you may bring your own meals - snacks - drinks

**YES, YOU MAY ARRIVE EARLY - EAT Before or Bring Lunch!**

Do NOT be Late! (Required Hours of Attendance are Documented.)

TO THE I-ACT OFFICE - WATCH FOR AN EMAIL  
FROM I-ACT TO ACCESS ONLINE COURSES**

**CURRENT STATES REQUIRE PROFESSIONAL COURSE  
TO WORK (PRACTICE) AS A COLON HYDROTHERAPIST;  
COLORADO, CONNETICUTT, WASHINGTON,  
NEVADA (CITY OF EAST HAMPTON, MA)  
(OTHER STATES / AREAS ARE PENDING)**

**FLORIDA: THE ONLY STATE THAT LICENSES;  
REQUIRES BECOMING A FLORIDA LICENSED MASSAGE THERAPIST FIRST,  
THEN YOU BECOME A LICENSED FLORIDA COLON HYDROTHERAPIST,  
THEN ENROLL FOR LIBBE CERTIFICATION.**

**RECOMMEND YOU CONSIDER PROFESSIONAL COURSE FOR THE  
KNOWLEDGE AND COMMUNICATION WITH AREA PHYSICIANS.**
